G.W.	7.15lbs

PRODUCT DETAILS

Dog Car Seat Body x1

Seatbelt Safety Buckle x1

Adjustable Buckle x3

Pet Safety Leash x2

Safety Fixed Handle x1

CLEAN & MAINTENANCE

1. Use pet-specific brushes or vacuum cleaners daily to remove pet hair and dust from the surface of dog car seat, keeping internal cleanliness.
2. For detachable cushion, please periodically remove and wipe surfaces with a damp cloth to eliminate stains.
3. After cleaning, please air-dry the dog car seat in a ventilated area away from direct sunlight to prevent material degradation and color fading.
4. The high-density sponge filling is not machine washable. For localized stains, apply spot cleaning with a damp cloth followed by air drying.

Due to transportation requirements, the product requires long-term vacuum compression. Please leave it for 24H after receiving to restore optimal state.

Avoid Heat

Avoid Fire

SAFETY WARNING

1. Do not let pets protrude from the windows or doors during driving to avoid danger.
2. Be sure the dog car seat is firmly fastened to avoid slipping during sudden braking or turning, which can cause harm to pets and passengers.
3. Do not leave pets alone in the car, especially in high or low temperature environments, to prevent pets from heatstroke or frostbite.
4. Regularly inspect the material and accessories of the dog car seat. If any damage or aging is found, please immediately stop using and replace it with a new one.

INSTALLATION STEPS

Preparation before installation.

- ① Confirm that the rear seats of the car are clean, tidy and no debris.
- ② Check if the dog car seat and accessories are complete and undamaged.

1. Please put the seatbelt through the safety buckle on the back to secure the dog car seat.

2. Insert safety fixed handle into the seam of car seat.

3. Unlock the seatbelt safety buckle, thread the shoulder strap through the rear headrest of the car and secure it. Adjust the appropriate length to ensure a secure and tight buckle connection.

4. Connect the pet safety leash to the pet collar. Adjust length to ensure pet has some space to move inside it without jumping out.

5. Complete installation.

FAQ

Q1: The dog car seat cannot be fixed on the seat.

A1: Please check if the seat belt buckle is correctly inserted through the seat belt socket or securely connected to the car seat belt. Adjust the position of the dog car seat, and ensure that the buckle is tightly attached to the seat.

Q2: Pets are not adapted to the car seat.

A2: Gradually help pets adapt to the car seat by placing their favorite toys or pads inside to increase their sense of security. Upon first use, pets can familiarize the car seat in a stationary car, and then gradually try to use it while driving.

Q3: Dog car seat still has odor after cleaning.

A3: Use an appropriate amount of neutral detergent during cleaning, rinse thoroughly after cleaning, and air dry in a ventilated area. If there is still an odor, you can place deodorizing items such as activated carbon in the car seat to help remove the odor.
