CAUTION

IMPORTANT: Please read carefully before assembly.

1. Be sure to check all packaging materials, as small parts may loosen from the carton during transportation.
2. Take out all the accessories from the plastic bag and classify them according to similar items.
3. Please keep children and animals away from the installation area to prevent them from swallowing small parts.
4. Before assembling, make sure you have enough space to place all the parts.
5. Assemble the product as accurately as possible and close to its final position (in the same room).
6. Always use appropriate tools.
7. Follow the assembly steps in sequence and do not skip any steps.
8. Regularly check to ensure that all connectors are securely fastened.
9. During installation, do not stand on top of the product as it may cause damage.
10. Do not place dog crate directly in front of heating equipment, fire sources, or any other heating objects.
11. Please keep these instructions for future reference.

12. If there are two people, the assembly work will be easier.
13. Please handle all packaging materials properly and responsibly.
14. To reduce the possibility of product damage and guarantee personal safety, please ensure that the electric drill is set to low torque installation.

Warning:

1. Children are prohibited from climbing dog crate furniture.
2. Our team is not responsible for any damage or injury caused by failure to follow assembly instructions correctly, failure to assemble products correctly, or failure to use products correctly.
